

ANNEX V

REFERRED TO IN ARTICLE 6.9

LABELLING OF TEXTILES

If a Party has mandatory permanent labelling requirements for textiles and clothing, it shall respect the following:

- a) information requirements shall be limited to size, fibre content and care instructions;
- b) relevant ISO standards shall be accepted for textiles' care labelling instructions; and
- c) the Party shall notify the other Party, in English, any additional requirement to those set out under paragraphs (a) and (b). The notification shall in particular explain how such requirements are not more trade restrictive than necessary to fulfil a legitimate objective in accordance with Article 2.2 of the TBT Agreement.
